

Health Care Strategic Transactions and Affiliations

Faegre Drinker’s Health Care Group is nationally recognized for pioneering a visionary, cross-specialty approach to local, regional and national strategic transactions and affiliations that has positioned health care providers to improve the health of their communities across the continuum of care.

How We Add Value

As one of the country’s longest-standing and largest dedicated health care practices, our attorneys leverage Faegre Drinker’s size and range of practice groups to offer cross-disciplinary services addressing a spectrum of client needs, including:

Antitrust considerations	Health information technology and transfers	Licensing, permit and accreditation compliance
Corporate matters	Cybersecurity, data security, privacy and HIPAA	Integration planning matters pre- and post-closing
Labor and employee matters, benefits and plans	Intellectual property	Corporate law matters
Environmental law	Managed care and risk arrangements	Insurance
Tax and tax-exempt law considerations	Physician compensation and regulatory compliance	Fraud and abuse analyses and guidance
Financing, including acquisition financing and debt restructuring	Real estate	Health Care policy & advocacy on the state and federal level

Nationally Recognized Health Care Capabilities

Faegre Drinker’s health care practice brings market-leading business and legal advice to health systems and providers across the continuum of care.
