AAFAF, GDB AND THE REQUISITE BONDHOLDERS AUTHORIZE THE GDB RESTRUCTURING SUPPORT AGREEMENT AMENDMENT

Today, the Puerto Rico Fiscal Agency and Financial Advisory Authority (AAFAF, by its Spanish acronym) and the Government Development Bank for Puerto Rico (GDB) announced that the requisite number of holders of GDB's Participating Bond Claims (as defined in the RSA) have signed the previously announced amendment to the GDB Restructuring Support Agreement (RSA), which became effective pursuant to its terms on Friday, April 6, 2018. AAFAF and GDB believe that this strong indication of support from GDB's creditors continues to represent significant progress towards the consensual restructuring of GDB under Title VI of PROMESA.

As previously announced on March 27, 2018, the amendment will simplify the GDB restructuring transaction while simultaneously providing additional relief to municipalities as they recover from the severe damage and devastation caused to Puerto Rico and its municipalities in the wake of Hurricanes Irma and María. The amendment to the RSA provides that, upon consummation of the transaction, each municipality will be authorized to apply the full amount of deposits held at GDB against the balance of any loan owed by such municipality to GDB. Additionally, to provide municipalities with immediate liquidity, the amendment to the RSA gives each municipality the opportunity to receive immediate payment, before consummation of the transaction, of 55% of such municipality's undisbursed certified Excess CAE held at GDB in exchange for releases.

The amendment also results in a simplified structure whereby GDB's financial creditors will exchange their claims for only one tranche of new bonds at an upfront exchange ratio of 55%. The RSA amendment is available on the Electronic Municipal Market Access website.

Forward-Looking Statements

This press release includes forward-looking statements, which include, but are not limited to, expectations with respect to the transactions described in the RSA. AAFAF and GDB cannot provide assurances that future developments affecting AAFAF, GDB, the RSA or the transactions described therein will be as anticipated. Actual results may differ materially from those expectations due to a variety of factors. Any forward-looking statement made in this release speaks only as of the date hereof and AAFAF and GDB do not undertake any obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise.

For the avoidance of doubt, the GDB Parties submit to the jurisdiction of any federal district court sitting in Puerto Rico and any appellate court from any thereof and irrevocably waive any immunity from suit in federal court that they may have for any action or proceeding arising out of or relating to this Amendment and the Restructuring.

(b) Each Party hereby waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in any legal proceeding directly or indirectly arising out of or relating to this Amendment or the transactions contemplated hereby (whether based on contract, tort or any other theory).

SECTION 6. Execution of Agreement. This Amendment may be executed and delivered in any number of counterparts and by way of electronic signature and delivery, each such counterpart, when executed and delivered, shall be deemed an original, and all of which together shall constitute the same agreement. Except as expressly provided in this Amendment, each individual executing this Amendment on behalf of a Party has been duly authorized and empowered to execute and deliver this Amendment on behalf of such Party.

SECTION 7. Headings. The headings of all sections of this Amendment are inserted solely for the convenience of reference and are not a part of and are not intended to govern, limit, or aid in the construction or interpretation of any term or provision hereof.

The Collateral Monitor shall have reasonable access to the Servicer and all information necessary in order to carry out its duties.</p> <p>For more information regarding the structure of and governance of the Issuer and the Servicing Agreement, see <i>Structure and Governance of Issuer</i> below.</p>
<p>Participating Bond Claims</p>	<p>The holders (“<u>Holders</u>”) of the liabilities of GDB set forth on Schedule 1 hereto (the “<u>Participating Bond Claims</u>”) will be subject to and bound by the Qualifying Modification pursuant to Title VI of PROMESA, including:</p> <ul style="list-style-type: none"> • All claims in respect of Existing GDB Public Bonds;

The Servicer will be engaged on or before the Closing Date, on arms-length, market terms in form and substance satisfactory to GDB, AAFAF, and the RSA Requisite Bondholders. The Servicer will be selected by a competitive RFP process prior to the solicitation of holders of Participating Bond Claims, and GDB shall use commercially reasonable efforts to effectuate the transition of its duties to the Servicer as soon as practicable.

	<p>\$550.</p> <p><i>Rounding</i></p> <p>The aggregate principal amount of New Bonds issued to each Holder of Participating Bond Claims will be rounded up, if necessary, to \$1 or the nearest whole multiple of \$1 in excess thereof. This rounded amount will be the principal amount of New Bonds a Holder will receive.</p> <p><i>Payments from Available Cash</i></p> <p>Payments of principal and interest to holders of New Bonds shall be made solely from Available Cash (as defined below) of the Issuer, as provided below.</p> <p><i>Security</i></p> <p>Pursuant to, or otherwise consistent with, Article 402 of the GDB Restructuring Act, as in effect on August 24, 2017, the New Bonds will be secured by a statutory lien on the New Bond Collateral, which statutory lien shall occur automatically and shall automatically be perfected, valid and binding from and after the Closing Date, in any case without any further act or agreement.</p> <p>The indenture for the New Bonds (the “<u>Indenture</u>”) shall confirm such statutory lien and establish that the New Bonds will be secured on a first priority basis under the statutory lien.</p> <p><i>End of Life Provisions</i></p> <p>On or after the final scheduled payment date, the Servicer will be required to use its commercially reasonable efforts to liquidate all remaining New Bond Collateral, if any, as soon as reasonably practicable but in no event after December 31, 2040 unless either (i) all principal, interest and any other amounts owing under the New Bonds have been paid or (ii) the New Bond Requisite Holders instruct otherwise (subject to the economic feasibility of the Servicer continuing to service the remaining New Bond Collateral). The net proceeds from such liquidation will constitute collections on the New Bond Collateral and, as such, will be distributed in accordance with the priority of payments under the Indenture. Following either (i) the payment in full of all principal, interest and any other amounts owing under the New Bonds and the satisfaction and discharge of the Indenture or (ii) the liquidation of the New Bond Collateral and distribution of the proceeds thereof in accordance with the foregoing, the Public Entity Trust (as defined below) will succeed to all the rights of the Issuer with respect to any remaining assets of the Issuer, if any.</p>
<p>Non-Municipal Government Entities</p>	<p>The following terms and conditions (the “<u>Non-Municipal Government Entity Resolution</u>”) relating to Non-Municipal Government Entities (as defined in the GDB Restructuring Act) shall be a condition of the Restructuring.</p> <p><i>Determination of Liabilities Between Non-Municipal Government Entities and GDB</i></p> <p>Pursuant to, or otherwise consistent with, Article 302 of the GDB Restructuring Act, as in effect on August 24, 2017, effective as of the Closing Date, the</p>

	<p>balance of liabilities owed between any Non-Municipal Government Entities and GDB as of the Closing Date shall be automatically determined by applying the outstanding balance of any deposit of a Non-Municipal Government Entity against the outstanding balance of any loan of such Non-Municipal Government Entity owed to GDB or of any bond or note of such Non-Municipal Government Entity held by GDB as of such date (other than any loan, bond or note of a Non-Municipal Government Entity secured by a mortgage over real property), as set forth on Schedules 4, 5, 6, and 7, without the need for any further action. Such application shall be effected by reducing any remaining installments of principal in inverse order of maturity and shall not otherwise affect the repayment schedule of the corresponding bond, note or loan. For purposes hereof, all agencies, departments, offices and instrumentalities of the central government shall be deemed to be the same Government Entity (as defined in the GDB Restructuring Act). The remaining balances of the bonds, notes or loans and of the deposits of the Non-Municipal Government Entities shall be those certified by AAFAF.</p> <p><i>Public Entity Trust</i></p> <p>Pursuant to, or otherwise consistent with, Article 301 of the GDB Restructuring Act, as in effect on August 24, 2017, GDB shall execute a deed of trust (the “<u>Public Entity Deed of Trust</u>”) to create and establish a trust (the “<u>Public Entity Trust</u>”) for the benefit of (a) those Non-Municipal Government Entities having claims in respect of funds on deposit at GDB as of the Closing Date, after giving effect to the transactions described above in “<i>Determination of Liabilities Between Non-Municipal Government Entities and GDB</i>,” identified on Schedule 6 hereto (such entities, the “<u>Designated Depositors</u>”) and (b) those municipalities with federal funds deposited at GDB listed on Schedule 9. Pursuant to, or otherwise consistent with, Article 303 of the GDB Restructuring Act, as in effect on August 24, 2017, effective as of the Closing Date, GDB shall transfer the assets currently owned by GDB and identified on Schedule 7 hereto (the “<u>Public Entity Trust Assets</u>”) to the Public Entity Trust. A transfer of the Public Entity Trust Assets by GDB to the Public Entity Trust pursuant to the Public Entity Deed of Trust shall be treated as an irrevocable, non-voidable and absolute transfer of all of GDB’s legal and equitable right, title and interest (as a true sale), and not a pledge or other financing, of the Public Entity Trust Assets. Upon the transfer of the Public Entity Trust Assets to the Public Entity Trust and the assumption by the Public Entity Trust of the Designated Depositors’ deposits, the Designated Depositors shall, immediately and forever, and without further actions or documentation, cease to have any right, interest or claim against GDB or any of its assets, or any successors or assigns thereof (other than the Public Entity Trust).</p>
<p>Certain Municipal Issues</p>	<p><i>Excess CAE Settlement</i></p> <p>If a municipality that has Excess CAE (as defined in the GDB Restructuring Act, as in effect on August 24, 2017) executes a settlement agreement with GDB providing a release (substantially similar to the release provided under Article 702 of the GDB Restructuring Act, as in effect on August 24, 2017, but effective as of the effective date of the settlement agreement) of all claims and causes of action (other than a claim for a Participating Bond Claim, if any) against GDB and the Issuer and agreeing not to challenge or otherwise take any action that is inconsistent with, or that would reasonably be expected to</p>

prevent, interfere with, delay or impede the consummation of, the Restructuring, then, promptly upon the effective date of such settlement agreement, if so provided pursuant to an amendment to the GDB Restructuring Act, GDB shall pay, in cash, to such municipality an amount equal to 55% of the undisbursed Excess CAE corresponding to such municipality.

In the case of such municipalities that have Excess CAE but which do not execute a settlement agreement with GDB prior to the Closing Date, pursuant to Article 502 of the GDB Restructuring Act, as in effect on August 24, 2017, GDB shall pay to such municipality on the Closing Date, in cash, an amount equal to 55% of the undisbursed Excess CAE corresponding to such municipality.

Upon the effective date of a settlement agreement entered into by a municipality as described above or, in the case of municipalities that do not execute such a settlement agreement, upon the Closing Date, the remaining portion of such municipality's undisbursed Excess CAE shall be discharged, and such municipality shall have no further rights or claims thereto, and GDB shall have no further liability or obligation to such municipality in respect of the Excess CAE.

Recalculation of Certain Municipal Obligations

The principal amount of any bond, note and/or loan of any municipality of Puerto Rico held by GDB as of the Closing Date shall be automatically reduced by operation of law, effective as of the Closing Date, without the need for any further action, by an amount equal to the balance of proceeds of such bond, note and/or loan that were not disbursed to such municipality and were held on deposit at GDB on the Closing Date pursuant to the Municipal Financing Act, Act 64-1996, as amended. Such application shall be effected by reducing any remaining installments of principal in inverse order of maturity and shall not otherwise affect the repayment schedule of the corresponding bond, note or loan.

Any remaining municipal deposits held at GDB as of the Closing Date shall be reduced, effective as of the Closing Date, on a dollar-for-dollar basis, from the outstanding principal amount of any corresponding bond, note and/or loan (excluding the loans that are collateral for the Secured Deposit Account), relative to the type of corresponding deposit (CAE deposits against CAE loans, IVU deposits against IVU loans, and all undesignated deposits against outstanding principal balance of other loans in the following order: operational loans, revenue loans, IVU loans, then CAE loans). Such application will be effected in ascending order of outstanding loan balances. In cases where deposits are not enough to pay a loan in full, the application shall be effected by reducing installments of principal in inverse order of maturity without affecting the repayment schedule of the bond, note or loan. The remaining balances of the municipal loans shall be those certified by AAFAF, and all future payments of interest on such bonds, notes and/or loans shall be computed based on such balances.

<p>Terms of New Bonds</p>	<p><i>Payment of Interest from Available Cash</i></p> <p>7.500% annual coupon rate, payable semiannually in cash; <i>provided</i> that, if on any “<u>Determination Date</u>” (a date not more than 10 business days prior to the related interest payment date) in respect of the related interest payment date, Available Cash is not sufficient to pay in full all interest then payable on the New Bonds (including paid in kind interest outstanding at such time), such interest on the New Bonds shall be paid in cash <i>pro rata</i> to the extent of Available Cash and any unpaid balance of accrued current interest shall be paid in kind. All outstanding paid in kind interest (including any interest accrued thereon) shall be due and payable, together with other accrued interest on the New Bonds, on each interest payment date (subject to the above provisions if Available Cash is then insufficient to make such payments in cash) until such paid in kind interest is paid in full.</p> <p><i>Amortization on Closing Date</i></p> <p>Any Available Cash of the Issuer as of the Closing Date shall be paid to the holders of, and used to reduce, the principal balance of, the New Bonds on the Closing Date or as soon as practicable thereafter but in no event later than 5 business days following the Closing Date.</p> <p><i>Amortization from Excess Available Cash</i></p> <p>On each Determination Date in respect of the related interest payment date, if Available Cash of the Issuer exceeds the amount thereof to be used to pay interest, including all outstanding paid in kind interest, on the New Bonds on such interest payment date, such excess amount of Available Cash (“<u>Excess Available Cash</u>” on such interest payment date) shall be used to amortize the unpaid principal of the New Bonds.</p> <p><i>Collateral Priority</i></p> <p>The New Bonds will be automatically secured by a first priority perfected, valid and binding statutory lien on the New Bond Collateral.</p> <p><i>Maturity</i></p> <p>August 20, 2040</p>
<p>New Bond Collateral</p>	<p>The “<u>New Bond Collateral</u>” shall include all legal and equitable right, title and interest in and to the Recovery Authority Assets (as defined below) (including, without limitation, the Beneficial Interest (as defined below) in property of GDB, the proceeds of which are required to be transferred to the Issuer) and all assets, collections, fees, charges, proceeds, revenues, rents, insurance payments, income or other funds generated by, or received by the Issuer, the Servicer or GDB in respect of, the Recovery Authority Assets, including in respect of the administration or reinvestment thereof.</p> <p>The “<u>Recovery Authority Assets</u>” shall include all legal and equitable right, title and interest in and to (i) all assets of GDB that are in existence as of the Closing Date (whether or not identified on the Closing Date), other than the Excluded Assets (as defined below), including, without limitation, (a) the</p>

public sector and municipal loans, advances to the Municipal Administration Fund and Municipal Financing Corporation, and GDB assets and properties identified in Schedule 3 and Schedule 4 hereto and (b) all unrestricted cash and cash equivalents of GDB in excess of the Specified Cash Assets (as defined below); (ii) the Beneficial Interest (as defined below) in, and the proceeds of, the public entity loans listed on Schedule 5 held at GDB, (iii) upon the date on which GDB is required, or chooses at its option, to transfer any public entity loan listed on Schedule 5, such public entity loan to be transferred; (iv) the Beneficial Interest in, and the proceeds of, any causes of action (other than causes of action to enforce loans that constitute Public Entity Trust Assets), including contingent or unknown causes of action and (v) all proceeds of any of the foregoing.

Bondholders, AAFAF, and GDB.

Board of Trustees of the Issuer. The Issuer shall be managed by a board of trustees (the “Board of Trustees”) initially composed of David Pauker, Matthew Karp and Jorge Padilla. Each member of the Board of Trustees is (i) appointed for a three-year term and may serve for consecutive terms as an appointed member, and (ii) entitled to one vote. In the event of a vacancy, the Governor will appoint a successor that meets the independence and qualification standards set forth in the Definitive Documents, including that no member of the Board of Trustees may be an officer, employee or director of the government of Puerto Rico or any instrumentality thereof (other than the Issuer) and must have executive experience in finance or with respect to assets like the New Bond Collateral and be otherwise qualified to serve on the Board of Trustees.

Cash Flow Tests for Compliance. GDB has delivered a schedule of contracted cash flows of municipal loan interest and amortization through 2040 (the “Cash Flow Schedule”) exhibited hereto as Schedule 8. The Servicer will provide a semiannual report to the Collateral Monitor with updated municipal loan interest collections and amortization collections to be used for testing purposes on a semiannual basis (the date of each such report, a “Test Date”) for purposes of the Collateral Monitor’s semiannual report of compliance with the Compliance Test, as provided above. If the cumulative shortfall of the actual municipal loan portfolio cash flows as compared to the scheduled cash flows in the Cash Flow Schedule from the most recent payment date in respect of such municipal loans prior to the Closing Date through the Test Date is 10.0% or more (the “Compliance Test”) as of any Test Date, a default by the Servicer under the Servicing Agreement shall have occurred.

Collateral Monitor Consent Rights. The Collateral Monitor shall be given not less than ten days’ prior written notice of any material modification, extension, accommodation or disposition of any New Bond Collateral, and such transaction may be entered into (or approved) by the Issuer (or the Servicer or any other entity on behalf of the Issuer) only if, after the end of such ten-day period, the Collateral Monitor has not reasonably objected to such transaction on the grounds that such transaction is not commercially reasonable. At the time of delivery of such written notice by the Servicer, the Collateral Monitor shall be provided with access to the Servicer and all information necessary in order to make a determination as to the commercial reasonableness of such modification, extension, accommodation or disposition, but the Collateral Monitor will have no right to participate in discussions or negotiations (in any form) with obligors under the New Bond Collateral.

Replacement of the Servicer. Subject to the procedures set forth below, the Servicer may be removed and replaced by the holders of New Bonds upon the occurrence of a default under the Servicing Agreement that is material to the interests of holders of New Bonds (a “Servicer Replacement Event”). The Collateral Monitor shall notify the holders of the New Bonds when (a) the Collateral Monitor believes, in good faith, that a default by the Servicer under the Servicing Agreement has occurred and is continuing and (b) the Collateral Monitor believes, in its sole discretion, that such default is material to the interests of bondholders. Defaults under the Servicing Agreement shall include, without limitation, (i) cause, as set forth under the terms and conditions of the

	<p>Servicing Agreement, (ii) failure to meet the Compliance Test, (iii) failure to timely deliver the information necessary to verify the Compliance Test, (iv) failure to use commercially reasonable efforts to maximize the value of the New Bond Collateral (subject to any restrictions included in the Servicing Agreement, as set forth in this Term Sheet) and (v) entering into any modifications, extensions or accommodations in respect of the New Bond Collateral that are, individually or in the aggregate, not commercially reasonable¹⁰ (subject to any restrictions included in the Servicing Agreement, as set forth in this Term Sheet). Such notice from the Collateral Monitor shall give a detailed narrative and explanation of (i) the facts sustaining the evaluation of the Collateral Monitor, (ii) the possible effects to the interests of the holders of New Bonds, (iii) the recommendation of the Collateral Monitor regarding a possible Servicer Replacement Event and (iv), if the Board of Trustees chooses, the recommendation of the Board of Trustees regarding a possible Servicer Replacement Event. Concurrently with the notice of a possible Servicer Replacement Event, the Issuer shall issue a posting on the Electronic Municipal Market access website or other similar public posting and a bondholder vote shall be solicited regarding whether a Servicer Replacement Event has occurred and, as a consequence, the Servicer should be replaced. If holders of one-third of the aggregate principal amount of the New Bonds then outstanding (or, if an event of default under the New Bonds has occurred and is continuing, holders of 25% of the aggregate principal amount of the New Bonds then outstanding) vote that a Servicer Replacement Event has occurred and the Servicer should be replaced, the Issuer shall initiate a competitive process, reasonably satisfactory to the Collateral Monitor, for the identification of a possible successor Servicer, who must be a “qualified” and “independent” (as such terms are defined in the Definitive Documents) successor Servicer of recognized national standing with the requisite expertise and Spanish speaking capability. The Issuer (or, if the Issuer fails to act within 45 days, the Collateral Monitor¹¹) shall then designate a successor Servicer acceptable to the Collateral Monitor for a preliminary 60-day period on terms acceptable to the Collateral Monitor. Any approval of the successor Servicer or terms of its engagement required from the Collateral Monitor shall not be unreasonably withheld. The Collateral Monitor will then give notice to the bondholders of (i) the successor Servicer, (ii) the terms of the successor Servicer’s engagement, (iii) any additional information the Collateral Monitor would like to provide and (iv) any additional information the Issuer would like to provide. If holders of one-third of the aggregate principal amount of the New Bonds then outstanding (or, if an event of default under the New Bonds has occurred and is continuing, holders of 25% of the aggregate principal amount of the New Bonds then outstanding) do not object to the identity or terms of the successor Servicer’s engagement within 60 days, the successor Servicer’s engagement shall become final, subject to the terms and conditions of such Servicer’s Servicing Agreement.</p>
--	--

¹⁰ If the Collateral Monitor fails to object to a modification, extension or accommodation during the 10 day period described elsewhere herein, such modification, extension or accommodation will be presumed to be commercially reasonable and will not, individually, be the basis for a default under the Servicing Agreement.

¹¹ If, pursuant to the procedures described herein, the Collateral Monitor assumes the duty to appoint a successor Servicer, the Collateral Monitor will make reasonable efforts to consult with the Issuer in appointing such Successor.

	<p><i>Replacement of the Collateral Monitor.</i> The Collateral Monitor may be removed and replaced by the Indenture Trustee for cause and must be removed and replaced by the Indenture Trustee at the direction of holders of 25% of the aggregate principal amount of the New Bonds then outstanding, in each case, which removal decision may be rescinded and annulled by the holders of a majority of the aggregate principal amount of the New Bonds then outstanding. The identity and terms of engagement of the successor Collateral Monitor must be acceptable to the holders of a majority of the aggregate principal amount of the New Bonds that vote in a solicitation nominating such successor.</p> <p>In all events the Issuer will be structured so as to allow the New Bonds to constitute exempt securities under Section 3(a)(2) of the 1933 Act or any other applicable exemption.</p>
<p>Vendor Claim Reserve</p>	<p>The amount of cash equal to the aggregate amount of claims asserted against GDB by parties that provided goods and services to GDB in the ordinary course of business (such amount at any time, the “<u>Vendor Claim Reserve</u>”), which claims are disputed by GDB on the Closing Date or for which payment has not yet become due (“<u>Open or Disputed Vendor Claims</u>”), shall remain at GDB in a separate account subject to a perfected security interest in favor of the Issuer securing the obligation to transfer to the Issuer the Vendor Claim Reserve Residual. Any cash or cash equivalents constituting Vendor Claim Reserve Residual remaining in the account in respect of the Vendor Claim Reserve after the payment of all Open or Disputed Vendor Claims determined by GDB to be valid shall be Recovery Authority Assets and as such shall be required to be transferred to the Issuer.</p>
<p>Certain Definitions</p>	<p>“<u>Available Cash</u>” of the Issuer on any Determination Date in respect of a related interest payment date means all cash and cash equivalents of the Issuer (whether arising from proceeds of New Bond Collateral or otherwise) at such time, other than amounts owed to the Servicer, the Indenture Trustee and the Collateral Monitor and the Issuer Expense Reserve (as defined below) at such time.</p> <p>“<u>Issuer Expense Reserve</u>” of the Issuer on any Determination Date in respect of a related interest payment date means the amount of cash reasonably expected to be required to pay the operating expenses of the Issuer through the next Determination Date based on a good-faith projection prepared by the Servicer.¹²</p> <p>“<u>Pro rata</u>” means, with respect to any cash distribution to holders of New Bonds or any vote of holders of New Bonds, a ratable distribution or vote based on the principal amount of the New Bonds outstanding at the time of such distribution or vote.</p> <p>“<u>Secured Deposit Account</u>” means an account in the name of Asociación de Empleados del ELA (Account Number B6347044) in an amount of approximately \$25.4 million.</p>

¹² A budget shall be prepared subject to the terms of the Servicing Agreement to be agreed upon and acceptable to the RSA Requisite Bondholders.

Voting	<p>Unless otherwise specified, amendments, modifications and waivers of the governing documents of the New Bonds or other matters requiring the consent of the holders of the New Bonds shall generally require the consent of holders of not less than a majority of the aggregate principal amount of the New Bonds then outstanding; <i>provided</i> that amendments and modifications that customarily do not require bondholder consent shall be excluded from such consent requirement;¹³ and <i>provided, further</i> that any amendments, modifications or waivers that would have the effect on any New Bond of reducing principal, extending maturity, reducing the interest rate payable, or adversely affecting lien priority or any other amendments, modifications or waivers customarily requiring the consent of each adversely affected holder shall require the consent of each holder of New Bonds adversely affected by such amendment, modification or waiver.</p>

Contingent and Unliquidated Title VI Bond Claims

Entity

PR Public Finance Corporation Stand-By Letter of Credit⁽¹⁾

Lehman Brothers Special Financing, Inc. - Debt Service Deposit Agreement⁽²⁾

Notes

- (1) Represents a stand-by letter of credit (the "Stand-by LOC") for the benefit of Puerto Rico Public Finance Corporation 2011 Series A and B Bonds and 2012 Series A Bonds (the "Bonds"). The Stand-by LOC does not have an impact on GDB's financial condition. The Trustee for the Bonds may only draw from the Stand-by LOC when the following conditions exist: (i) a budget for a new fiscal year is not approved and adopted, and (ii) a legislative appropriation for the current fiscal year exists and is lower than the debt service payment due on the Bonds for the next fiscal year for which a new budget is not adopted. In such an instance, the Stand-by LOC may be drawn in the amount that the debt service on the Bonds for the upcoming fiscal year is higher than the appropriated amount for debt service on the Bonds during the current fiscal year, if any. The Stand-by LOC is not intended to and does not cover the risk that no appropriation is made by the Legislature of Puerto Rico for any particular fiscal year, or that an appropriation is made in an amount lower than the amount of debt service on the Bonds due with respect to any fiscal year. If the budget for any fiscal year is adopted but no appropriation for the payment of the Bonds is included in such budget, or an appropriation is made in an amount lower than the amount of debt service on the Bonds, the Trustee may not make a drawing under the Stand-by LOC.
- (2) The Commonwealth, GDB, and Lehman Brothers Special Financing, Inc. ("Lehman") are parties to a Debt Service Deposit Agreement (the "DSDA"). Under the DSDA, the Commonwealth made deposits to a "Redemption Fund" in an amount sufficient to make debt service payments on the Commonwealth's General Obligation Bonds. If the DSDA is breached, the Commonwealth and GDB are jointly liable to Lehman for a termination amount, calculated pursuant to the terms of the DSDA. However, the DSDA provides that Lehman must first pursue remedies against the Commonwealth prior to pursuing remedies against GDB and that GDB shall not be required to make a payment under the DSDA unless the Commonwealth has, among other things, repudiated the DSDA or raised a defense of immunity.
